OUR TEAM AT THE 2025 SOLAR CAR CHALLENGE

WHAT IS THE SOLAR CAR CHALLENGE

- **The Solar Car Challenge is an international competition** that invites high school students to design, build, and compete with fully solar-powered vehicles.
- **Students apply real-world engineering and problem-solving techniques** as they construct their vehicles, testing efficiency, speed, and endurance in a competitive environment. It fosters leadership, sustainability, and a passion for cutting-edge technology
- The 2026 Solar Car Challenge is an **open road race** which takes teams **across Texas** over the course of 5 days

ABOUT US

- **Garage 803 Racing is a solar car racing team and 501(c)(3) Non-Profit Organization** that competes in the Solar Car Challenge, an international high school solar car competition.
- **We design, construct, and compete** with our own solar-powered vehicles, **placing third** in our division in the 2025 Solar Car Challenge
- We are designing a brand new **road capable solar car for the 2026 cross country race**, streamlined and optimized to travel at **greater speeds**
- Our previous efforts garnered widespread attention, being featured on **CBS, ABC**, and received **special congressional recognition**.

WHAT WE NEED MONEY FOR

Materials for car

Hub motor, battery, photovoltaic array, solar power trackers, frame, suspension, etc.

Travel & Logistics

Hotel, gasoline, trailering, etc

Competition Fees

various fees required for entry into the Solar Car Challenge

OTHER WAYS TO SUPPORT US

If you're unable to provide financial support, there are still many impactful ways to contribute. We are looking for in-kind donations such as materials (e.g., panels, metal, tools, and components), as well as technical expertise and services, including engineering guidance, manufacturing support, and access to specialized software or equipment.

These contributions are just as valuable as monetary donations and will be recognized accordingly, with benefits aligned to their estimated value.

RENDER OF SPONSOR LOGOS ON OUR 2026 VEHICLE

WHY SPONSOR GARAGE 803 RACING?

- The Solar Car Challenge draws widespread recognition, with our team being featured on **CBS-KPIX, ABC-KGO**, along with **special congressional recognition** from representative Sam Liccardo
- Donations go toward empowering students to **build key engineering skills** while developing a advanced race vehicle and representing Bay Area students
- The competition route offers a great opportunity for brands and technologies to garner attention as **the cars race across public roads, conducting many more press stops**

SPONSORSHIP BENEFITS

- Logo on solar car
 - canopy or side
 - size and placement based on contribution
- Logo on team uniform
- Logo on team banner
- Featured on team website
- Featured on team social media
